

# The Experilab

## EXPLOSIVE SCIENCE PRESENTATION

+

=

**This fun-filled, lively and exciting science and technology presentation is presented by Francois at your school. It is geared towards a better understanding of Science & Technology, fit for audiences of all ages and runs for up to 1½ hours.**

**Packed with laughs and the unexpected, this presentation will enthuse and motivate learners to explore and create in Science & Technology!**

### Experience . . .

**\*air cannons \* dust explosions \* singing rods \* spontaneous kettles \* real flying saucers \* the Coke recipe \*fire from water \*pyrotechnic rockets and many more !!**

**The presentation is ideal for fund raisers, school groups, science days, scout groups, youth camps, science clubs, teacher training, church groups, shopping centres, . . . etc.**

It has been presented to more than 50 000 people since 2004. Our clients include:

**High Schools:** Garsfontein; Edenglen; Kingsmead College; CBC Mount Edmund; Carleton Jones; Cornwall Hill; Leseding Technical; Hilton College; Woodhill College; CBC Boksburg; Waterkloof; St Andrews Girls etc.

### Other:

Tsiya Education Resource Centre; Free State Dept of Education; Scope-X; MTN ScienCentre; Sci Tech; UNISA, SAASTA, Voortrekkers, Landsdiens, Solid Foundation, National Youth Development Trust, Gauteng Education etc.

### And what did they say?

*" Sir, this was the best morning of my life . . . You have opened up a new world to our learners . . . Thanks for an outstanding show . . . This was the best stop of our tour . . . We didn't know these things exist . . . I can not keep up with their enthusiasm since your visit . . .When will you be back? . . . . . They have never been exposed to everyday science like this . . . "*

**About the Presenters:** Francois Germishuizen holds a B.Sc(Honns) in Physics and was involved in laser research at the CSIR and National Laser Centre for 15 years. He is currently the owner of Experilab.

**Cost:** All inclusive cost of R2 100 per full presentation (plus travelling if more than 100km from Pretoria). No limit to the numbers in the audience. Posters and science packs available.

**Contact Francois at 012 361 1134 or 083 234 3776**
